

Pages-o-Fun!

Hey! Woo hoo! Hello friends! I am back and ready with more puzzles for you. And as an extra-special treat, I am not going to let the fact that my wife Christine has just left me for a man called Nick Smith affect my pages-o-fun in any way!! The answers are on the back page. Have lots-o-fun! Your friend forever, *Doc W.*

Find The Word

There is a word hidden in the blue line down the middle. Fill in the gaps and find out what it is!! Clue: Christine committed this.

- Nick Smith is one of these
- I'm feeling this constantly
- The month Christine started seeing Nick
- To separate
- How many shots of Southern Comfort I had when I found out about the affair
- I broke into her house and did this all over her jackets
- I bought her one of these two weeks before she left me. Two weeks. She knew, but she still took it! Can you believe that?
- I'm doing this right now as I try to come up with more games for you to play.

Spot the Difference

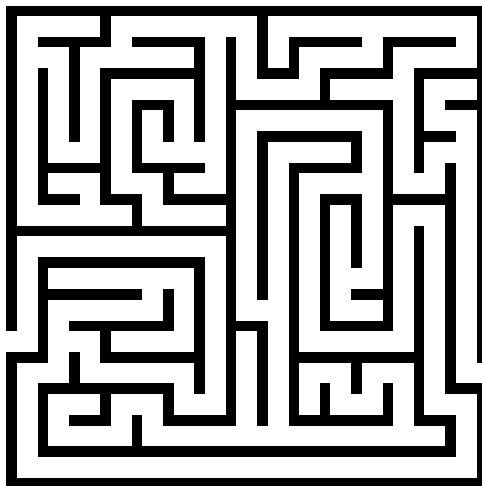

This is a fun game of observation. See if you can spot the difference between these two photos of my house. They are of the same room, but look what can change in a matter of days! A matter of days. Dear me. Oh dear me. Hmmm.

Help me find a way back to Christine. Can you use your pencil to help me on my agonising quest?

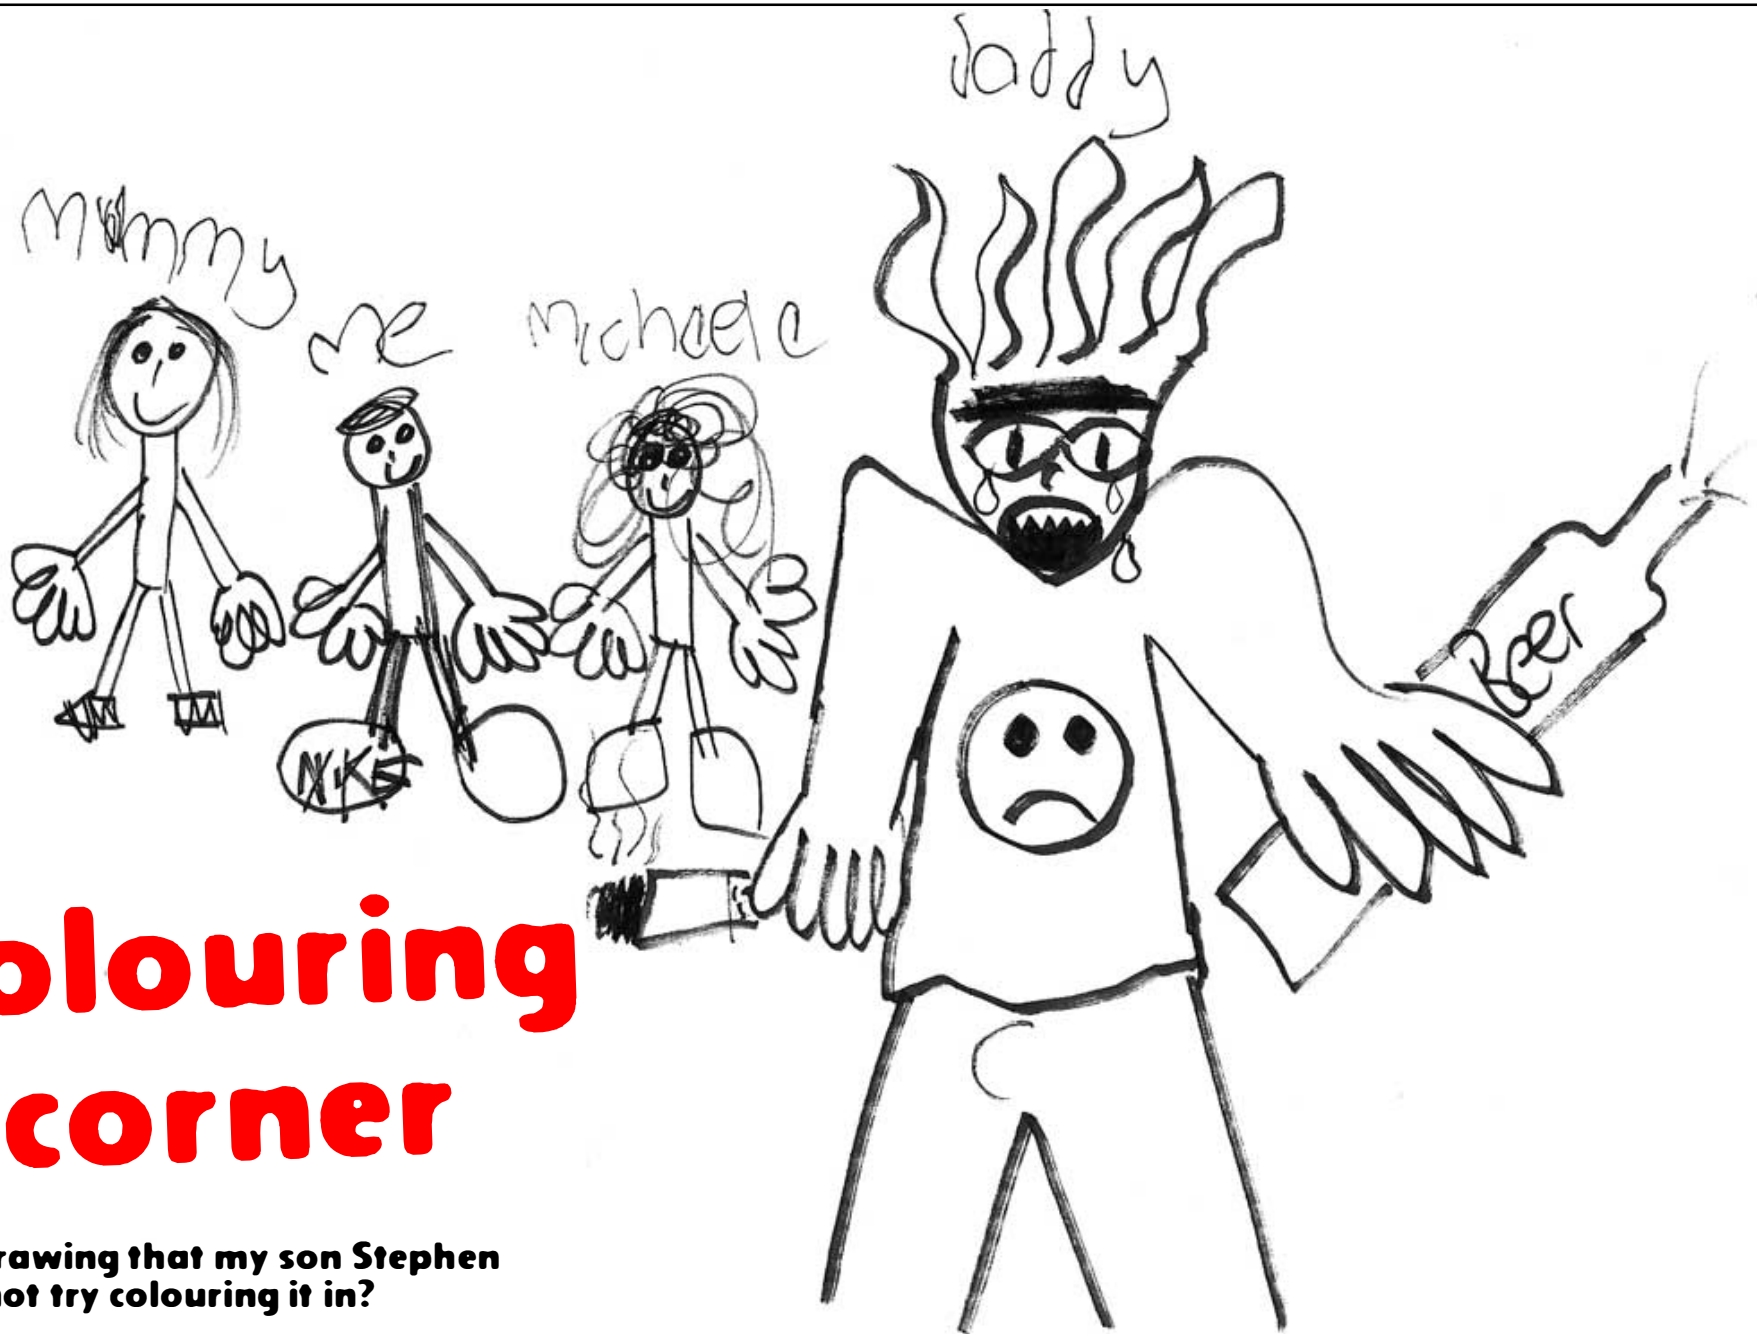

Maze Time

Work it out

See if you can solve these tricky questions:

1. If 17 pairs of shoes in one year cost the same as one home cinema entertainment system, how much would it really matter, i mean *really* matter if I treated myself to a replacement for my faulty subwoofer?
2. What is the difference between a caring, understanding woman and a horrific evil loveless bitch?
3. How many times a month is it ok for me to actually go out and enjoy myself with my friends that I hardly see any more anyway?

Colouring corner

Here is a drawing that my son Stephen did. Why not try colouring it in?

Odd one out

Which of the four really shiny and really really sharp person-stabbing knives below is the odd one out?

Magic eye

If you focus past the shapes in the image below, you will be able to see a hidden picture. Can you work out what it is?

How many?

Lets see if you can count! How many broken hearts can you count below?
